

Marine Depot Maintenance Command (MDMC) represented at Career Fair

By Robin Berry | ODO, Marine Corps Logistics Command | July 18, 2016

Albany, GA – Marine Corps Logistics Command's MDMC was represented at an industry specific career fair hosted by Albany Technical College (ATC) on Wednesday, July 13, 2016.

Ms. Anita Moore, Human Resources Specialist, Staffing and Classification Advisory Division, MCI-East, Civilian Human Resources Office-SE and Ms. Barbara Whaley, Human Resources Specialist, (Special Projects/EEO), Office of the Director, MCI-East, Civilian Human Resources Office-SE, share information with potential Albany Technical College Industrial Operations Technician Program enrollees at a career fair held on July 13, 2016.

The career fair took place a day after ATC announced its Industrial Operations Technical Program, the first of its kind in Georgia. The program seeks to provide a more skilled and competitive workforce, capable of meeting prospective employers' needs. Created by ATC, along with the Technical College System of Georgia, it represents a partnership with the Albany-Dougherty Economic Development Commission and the Albany-Dougherty Industry Roundtable. Mr. Trent Blalock, Deputy Commander of MDMC, served as a participant on the Industry Roundtable.

Human Resources Specialists from MCI-East, Civilian Human Resource Office-SE, were on hand to share information with potential ATC Industrial Operations Technician Program enrollees on various facets of the federal job application process, samples of the types of positions within MDMC, and some of the skills required for those positions.

Other industry leaders were also on hand to provide information on opportunities within their respective companies.
